

```
1  #include <stdio.h>
2  int main() {
3      int grams;
4      printf("Enter grams: ");
5      scanf("%d", &grams);
6      printf("Kg = %d\n", grams / 1000);
7      return 0;
8  }
```
